#### 3000 DEFENSE PENTAGON WASHINGTON, DC 20301-3000

October 24, 2003

Robert A. Burton Associate Administrator Office of Federal Procurement Policy Office of Management and Budget Washington, DC 20503

Dear Mr. Burton:

On September 12, 2003, the Deputy Secretary of Defense designated the Deputy Under Secretary of Defense (Installations and Environment) as the Department of Defense (DoD) Competitive Sourcing Official (Attachment 1). DoD continues to have the largest competitive sourcing program in the Federal government. Based on the size and complexity of our program, the Department's statutory obligations, and our desire to complete our in-progress initiatives. DoD requests the approval of the Office of Management and Budget (OMB) for this deviation request based on the DoD Competitive Sourcing Transition Plan (Attachment 2) to meet the transition requirements of paragraph 7. in OMB Circular A-76, Performance of Commercial Activities.

When OMB issued the revised circular on May 29, 2003, the Department had 216 competitive sourcing initiatives in-progress worldwide impacting over 25,000 government personnel. These initiatives are identified as "in-progress" when their (1) public announcements (and, when appropriate, congressional notifications) were made before May 29, 2003 (i.e., initiated) and (2) tentative decisions had not been determined by May 29, 2003 (i.e., completed). Of these 216 initiatives, 162 are cost comparisons, 53 are direct conversions, and 1 is a streamlined cost comparison. To meet the transition requirements of the circular, DoD evaluated these 216 competitive sourcing initiatives to determine a transition that would not jeopardize our Competition Plan under the President's Management Agenda. A summary of the DoD Competitive Sourcing Transition Plan follows (Attachment 1 provides additional detail).

In order to transition to the revised circular as expeditiously as possible in the Department, the 205 competitive sourcing initiatives expected to be completed under the previous circular (1) will use the previous circular to determine a final decision; (2) are projected to be completed by September 30, 2004; and (3) will be required to apply the post competition and cancellation requirements in accordance with Attachment B of the revised circular. The 152 cost comparisons and 1 streamlined cost comparison will calculate costs for the appropriate cost comparison forms in accordance with the previous circular and the DoD A-76 Costing Manual. Public announcements for 52 direct conversions were made prior to May 29, 2003, which is then followed by analyses and/or conversions to determine a final decision. To assist us with the implementation of our Competitive Sourcing Transition Plan, we request OMB provide the following:

- a. Approval of a deviation to OMB Circular A-76, paragraph 7.(a), allowing DoD to use of the previous circular to determine final performance decisions for the 52 direct conversions, and 1 streamlined cost comparison as identified in the DoD Competitive Sourcing Transition Plan.
- b. Approval of a deviation to OMB Circular A-76, paragraph 7.(b), permitting DoD to apply the previous circular to determine final performance decisions for the 97 cost comparisons.
- c. Approval of a deviation to OMB Circular A-76, paragraph 7.(e), authorizing a delay to the 30-day public announcement requirement for agency transitions beyond June 28, 2003.

While the Department fully supports the new competitive sourcing process, we plan to limit and closely monitor the first group of competitions that will be performed under the revised circular. We believe a measured approach is essential to properly and successfully execute the many new competition procedures. We are determined to ensure that our initial competitions are performed successfully and in compliance with the new procedures in order to set the standard for implementation across the Department. Please contact Annie Andrews at (703) 602-2608 if you require additional information on these DoD competitive sourcing initiatives.

Sincerely,

Raymond F. DuBois

Deputy Under Secretary of Defense (Installations and Environment)
